Accreditation

Our courses „Sterile Processing Technician“ base on the guidelines of the German Society for Sterile Supply“ according to DIN 58946 / Part 6. Aesculap Akademie GmbH is an accredited provider of these seminars.

The courses level I and II comprise approx. 80 teaching hours à 45 minutes. Booking of module II requires a confirmation on the successful participation of a Sterile Processing course, level I by DGSV or the SGSV / SSSH (Swiss society). Furthermore evidence of clinical visits is required. Upon registration you will receive a form to be filled in prior to receiving your final confirmation of participation.

The courses end with a written, practical and oral exam. Certificates of attendance and grade certificates will be distributed after successful participation.

Horizons of Knowledge

Competence to master the future.

Innovative developments in the field of medical technology, sophisticated new treatment methods, increasingly more stringent requirements for hospital and quality management and, last but not least, a healthy interest in acquiring new knowledge has given rise to an enormous and ever-increasing demand for further and advanced training.

The Aesculap Academy enjoys a world-wide reputation as a leading forum for medical training and answers the demands of physicians and medical staff in OR, anaesthesia, ward, outpatient care and hospital management. The course program comprises a wide range of hands-on workshops, management seminars and international symposia.

Aesculap Academy courses are of premium quality and are accredited by the respective medical societies and international medical organizations. A scientific advisory board guarantees the perfect selection of speakers and topics.
