

BOUNDLESS OPPORTUNITIES WITH TRACEABILITY SYSTEMS

Welcome to the Getinge T-DOC Symposium at the EFHSS 2006

- How can you take full advantage of your traceability system when the hospital infrastructure is changing:
 - The Sterilization Department is spread across multiple physical locations
 - Several Sterilization Departments cooperate
 - A large centralized Sterilization Department is established (super centers)
- How can you benefit from an improved collaboration between the Sterilization Department and the Operation Department/Theatres using electronic systems:
 - A walk-through of the procedures generally used followed by a look at how they can be supported by an electronic system
 - A case story of a planned implementation of case-carts at Roskilde Hospital in Denmark

Place: The Weidemann Hall,
Radisson SAS Lillehammer

Date: Thursday, 18th of May

Time: 13.00 - 14.00

Presenters: Christian Winther (Area Manager)
Lars Sondergaard (Director of R&D)

Participate in the EFHSS competition and you may win one of three i-pod's. The winners will be announced at the Gala Dinner Friday evening.

Visit us at the Getinge stand in the Birkebeiner Hall for more information about the competition or to get a full demo of T-DOC from one of the T-DOC specialists.
