Studyday presenter

Mr. James Pink, BSI Global

The 2008 IASSM Managers Studyday is designed to continue to meet the growing challenges posed by personnel Managing Decontamination units in hospitals .As recommended in the HSE Codes of Practice This one day introductory Course will give Managers a broad understanding of the ISO 13485 Quality Management Systems requirements. In addition the concepts of ISO 13485—The Medical Devices Risk Management Standards will be introduced. The Course is highly interactive with in class discussion and examples.
