

Background

Technical Committee TC 209 is responsible for ISO 14644 & 14698 standards dealing with airborne and surface contamination in cleanrooms and controlled environments. ISO 14698 -1 & -2:2003 deal with airborne and surface Biocontamination. WG 02 has been meeting since 2009 to explore the value and application of Microbiological Classification Tables in line with ISO 14644 and carry out a systematic revision. The ISO 14698 Committee Draft (CD) was issued out for comment to all TC 209 member countries in early 2014. Voting closed in early May with the result being a majority in favour but with some significant comments.

Why attend?

This is your opportunity to have your say and make your contribution before the next WG 02 meeting later this year to consider all the comments from member countries.

A Memory Stick, inc a copy of the CD and a special Podcast with interviews will be released.

Who should attend?

This event will be of benefit to anyone involved in biocontamination control:

- Microbiologists & Science Professionals in Life Sciences, Food and Healthcare
- Microbiologists & Science professionals establishing biocontamination control programmes – Risk Assessments, Critical Control Points, setting Alert & Action levels
- Microbiologists & Science Professionals in Environmental Monitoring
- Engineering staff involved in Controlled Environments inc GMP Cleanrooms, Laboratories, Hospital Operating Theatres, ICUs & Food Processing areas

4th Annual Irish Biocontamination Mirror Open Day - Review new ISO 14698 Committee Draft

MEET YOUR FACILITATORS

Conor Murray – 3dimension, Chairman ICS & Convenor Irish Biocontamination Mirror Group

Conor is Chairman of the Irish Cleanroom Society and past Chairman of the International Confederation of Contamination Control Societies. (ICCCS). Conor is Head of Delegation for Ireland on ISO TC 209 and Irish SME on Working Groups, WG01 on Airborne Contamination & WG02 on Biocontamination. Conor is Convenor of Subgroup 13 – Cleanrooms in the HCSC (Health Care Consultative Committee) of NSAI. Conor is an engineer by profession and an independent technical expert in Cleanrooms and Biosafety.

Chrissie Keane, Standards Officer, NSAI, Technical Secretary HCSC, Healthcare Standards Consultative Committee

Chrissie has responsibility for organising Irish standards interests in over 40 different subject areas, including General Healthcare devices, Electrical Medical Devices and Health informatics. <http://www.n Sai.ie/Our-Services/Standardization/About-Standards/Medical-Device-Standards.aspx>. Chrissie has over 3 decades of experience as a lead assessor and in the management of Quality and Regulatory Affairs in both the Pharmaceutical and Medical Device industries.

25th June 2014

Rebecca Walden, Microbiologist, IBTS, Subject Matter Expert, Working Group 02

Rebecca is an Irish Subject Matter Expert (SME) on Working Group, WG02 on Biocontamination. Rebecca has a special interest in EM and in the application of new RMM technologies. Rebecca is a Microbiologist and works with the IBTS in Cork. Rebecca has over 15 years in Quality Assurance and Microbiology Laboratory set up. Rebecca's expertise is in the Environmental Monitoring of GMP cleanrooms and Hospital Operating Theatres.

Irish Biocontamination Mirror Group

Open Day, Workshop & Podcast

June 25th 2014

(jointly organised with NSAI)

SUBJECT MATTER:

Review NEW ISO 14698 Committee Draft & Comments after Voting

Location:

NSAI

**4th Floor, 1 Swift Square,
Northwood, Santry, Dublin 9**

Attendance Details

- Bookings for this important event will be accepted on a first come first served basis.
 - **Fee is €75 per person paid to the Irish Cleanroom Society at www.cleanrooms-ireland.ie**
 - Payment must be made with booking.
- * Fee includes electronic copies of all presentations plus lunch & refreshments.
- Open Day & Workshop is supported by:
- **Sponsors TBC**
- Open Day & Workshop is jointly organised by the Irish Cleanroom Society and NSAI.
- Open Day & Workshop will be held at NSAI Head Office at 4th Floor, 1 Swift Square, Northwood, Santry, Dublin 9.
For directions see:

Irish Biocontamination Mirror Group Open Day & Workshop - 25th June 2014, organised jointly by the Irish Cleanroom Society & NSAI

- 8.00 Registration & Coffee
- 09.00 Introduction to Standard Development Process
Speaker: Chrissie Keane, Standards Officer, NSAI
- OPENING SESSION**
- 09.15 ISO 14698 New COMMITTEE DRAFT (CD) Document & Status
Panel: Conor Murray, Convenor Irish Biocontamination Mirror Group & Rebecca Walden, Microbiologist IBTS, Irish SMEs, WG02
- 10.00 Break & Sidebar Discussions
- 10.30 **WORKSHOP SESSION #1** – PART 1 Establishing Control
Facilitators: Conor Murray & Rebecca Walden, SMEs WG02
- 12.00 **WORKSHOP SESSION #2** – PART 2: Test Methods
Facilitators: Conor Murray & Rebecca Walden, SMEs WG02
- 13.00 Working Lunch & Sidebar Discussions
- 14.00 **WORKSHOP SESSION #3** – PART 3: Demonstrating Control
Facilitators: Conor Murray & Rebecca Walden, SMEs WG02
- 15.00 **WORKSHOP SESSION #4** – Comments from other national Mirror Groups & member countries arising from the majority vote in favour
Facilitators: Conor Murray & Rebecca Walden, SMEs WG02
- 16.15 Working Group WG02 Open Day Summary & Close
Conor Murray (Convenor Irish BMG) & Chrissie Keane (NSAI)
- 16.30 Close

Please complete booking form here OR go to www.cleanrooms-ireland.ie

PLEASE RESERVE _____ PLACE(S) ON THE **25th June 2014** FOR THE FOLLOWING ATTENDEES:

1 EMAIL ADDRESS.....
2 EMAIL ADDRESS.....
3 EMAIL ADDRESS.....

COMPANY..... LOCATION PHONE.....

PARTICIPATION FEE IS €75.00 PER DELEGATE

CHEQUE ENCLOSED (Yes/No)..... (MADE PAYABLE TO THE IRISH CLEANROOM SOCIETY and posted to:

Mr Paul Farrelly, ICS Treasurer, 'Enfield, Co. Meath
