Timetable

One day per week in college. Some modules may be delivered in blended mode a combination of class contact and distance learning. The Higher Certificate program runs for one day per week over two years.

Date of commencement week commencing Monday September 17th, 2012.

Programme Fee:

For full details of the fees and timetable for this program please refer to our website www.ittdublin.ie or to the quick guide to Part time programs 2012 guide for the current academic year.

About the course:

The major aims of the Higher Certificate program is to produce qualified and knowledgeable sterile service practitioners in a range of scientific, technological and quality activities in the hospital and related sectors. This course is designed to recognise the fact that the participants will already have gained invaluable work experience in this field.

Entry Level

The course is designed for staff working in the sterile services or related areas.
