

## **Irish Decontamination Institute - Annual Conference 2013**

---

Dear Member,

The Irish Decontamination Institute Annual Conference will be taking place on **Friday 11<sup>th</sup> October, in Hotel Kilkenny**. Following on from last years conference the organising committee have decided to take an alternative approach regarding the conference format, the Conference programme is “workshop” based with four workshops running parallel with access to all delegates over the course of the day. The topics for the conference are listed below and will be supported by identified commercial stakeholders. In the interest of facilitating the workshops in a transparent environment ensuring that that all stakeholders and delegates receive the appropriate information and training, we have decided to invite an expert facilitator to run each workshop.

Attached preliminary conference programme (the programme may be subject to change)

On behalf of the Irish Decontamination Institute committee I would like to invite you to register to attend this year’s conference (delegate application forms will be available in the coming days)

**The cut-off date for DELEGATE registration is Friday 4<sup>th</sup> October**

**Please note: As the conference will be workshop based the IDI will not take any registration on the day of conference.**

\*Registered delegates will rotate through each workshop\*

I would like to take this opportunity to thank you for your on going support to the IDI

If you require additional information regarding this invitation please contact me [joy.markey@hse.ie](mailto:joy.markey@hse.ie).

Best wishes  
Joy
